

Hello,

I am writing to you because of my concern about the proposed expansion of LPFM stations that will take priority over current FM stations. I listen to and financially support K-LOVE radio, which is broadcast in my area on 94.7, 94.9 and 105.3. As I travel around town, I flip to the channel that sounds the best in that area. K-LOVE brings encouraging music and messages of hope to me, my friends and to this community. There is no other station that has the format and programming that K-LOVE provides. If you give priority to the LPFM stations, you will be talking away my freedom to choose the type of radio programming that I and others in this community wish to listen to. I and others are the ones who are paying the expenses to have K-LOVE in our area. We should be allowed to continue in this freedom and not have that option removed.

Thank you for listening,
Carol Murray
